

WELDY[®]
Hot Air Tools

Applications with PIC, PRO and PLUS

Hot air tool PIC

- Air flow adjustment via a two-step switch

Hot air tool PRO

- Electronic temperature adjustment
- Air flow adjustment via a two-step switch

Multi-functional hot air tool PLUS

- Stand-by for eco drive
- 14 multilingual function programmes for define applications and plastic weldings

Repair welding
PLUS

Pendulum welding
PLUS

Forming
PIC PRO PLUS

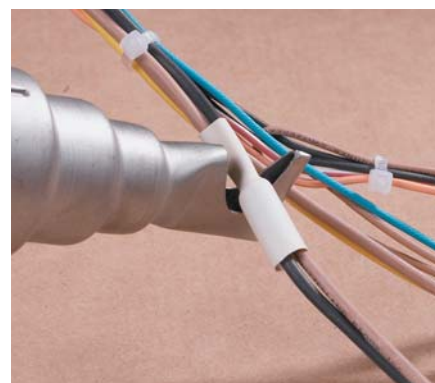

Soldering of copper tubes
PRO PLUS

Shrinking
PIC PRO PLUS

Edge banding
PLUS

Shrinking of tubes
PLUS

Loosening of screws
PIC PRO PLUS

Paint stripping
PIC PRO PLUS

Remove of stickers and films
PIC PRO PLUS

WELDY PLUS

WELDY PRO

WELDY PIC

- ❶ Tool stand
- ❷ Ergonomical distribution of weights
- ❸ Non-slip handle
- ❹ Two-step switch
- ❺ Potentiometer for infinitely temperature adjustment
- ❻ Terminal display with memory function
- ❼ Multilingual function programmes
- ❽ Temperature and airflow adjustment
- ❾ Stand-by for eco-drive

WELDY PIC Set

WELDY PRO Set

WELDY PLUS Set

Technical Data		PIC	PRO	PLUS
Voltage	V	230	230	230
Power consumption	W	1600	1800	2000
Temperatur range	°C	350/500	100-550	80-650
Air flow	l/min.	350/500	250/550	200-550
Static pressure max.	Pa	1400	1500	1500
Weight with cord	g	680	720	780
LCD-Display				●
Electronics: Flicker conformity		●	●	●
Stand-by for Eco drive (lowest setting)				●
Memory-function				●
14 Function programmes				●
Air flow adjustment: Two-step switch		●	●	
Terminal with menu control				●
Heating element: Protected				●
Function programmes	<i>Temperatur °C / Air Flow</i>			
1 – FREE SETTING	50-650 / 1-5			●
2 – FREE SETTING	50-650 / 1-5			●
SHRINKING	450 / 5			●
FORMING	500 / 4			●
SOLDERING COPPER	650 / 3			●
DRYING PAINT	650 / 5			●
PAINT STRIPPING	425 / 5			●
WELDING PP-EPDM	280 / 5			●
WELDING HD-PE	300 / 3			●
WELDING PP	320 / 3			●
WELDING PVC-U	340 / 3			●
WELDING ABS	360 / 3			●
WELDING PC	370 / 3			●
WELDING FLOOR-FOIL	450 / 3			●
Accessories	<i>Order Nr.</i>			
❶ Welding nozzle	119.345	–	–	●
❷ Glas protection nozzle	119.341	●	●	●
❸ Wide-slot nozzle	119.342	●	●	●
❹ Reduction nozzle Ø 20mm	119.343	–	●	●
❺ Reflector nozzle	119.344	●	●	●
❻ Overlap welding nozzle	119.346	–	–	●
❼ Solder sleeves reflector	119.347	–	–	●
❽ Pressure roller	119.348	–	–	●
